

GBC International Bank
Certification of Disaster Planning

Borrower Name: _____

The purpose of a disaster recovery plan is to get the company back up and running in the event of an interruption. The problem causing the interruption could be an electrical outage, natural disaster, or the result of a terrorist activity. The goal is to have some contingency plans in the event of a problem. A disaster recovery plan exists to preserve the company so that it can continue to operate its business by taking steps to restore some functions in case of interruption.

Applicant's Certification: The undersigned Applicant certifies to GBC International Bank that the applicant acknowledges the disaster planning for the business. Please check one of the following items applied to your company:

My company has already prepared or setup its own disaster recovery plan so that, should an interruption occur, it is able to resume operations.

I have obtained a disaster planning kit from GBC International Bank. The kit includes Recovery Overview, Critical Business Functions, and Risk Assessment, which provides me a step-by-step approach to disaster preparedness for my company and employees.
