

Testimonial of Lora Schlesinger Gallery

This letter is to express our appreciation for GBC International Bank and the staff. I have had my business account with the bank for over 10 years and really appreciate the personalized attention and superior quality of the bank employees. I really feel secure when the bank calls us to verify when there is any question about a charge or transaction.

It feels good to be greeted by name when I walk into the bank. This does not happen at any other bank.

Keep up the good work!

Sincerely,

(Signed)

Lora Schlesinger
